Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed the relative position of the upper substrate, the lower substrate, the color filter, and the reflection layer as recited in claims 20 & 24.

Applicant's representative presented arguments whether the cited reference could be used for claims 20 & 24 rejection. Even though Examiner didn't totally agree with Applicant's representative, Applicant's representative was notified that further consideration would be given to the reference as well on the claim to define patentability.
